

Let's Feed America Together

When women come together, **AMAZING** things happen! Even online!

During these days of social distancing + quarantine — it's easy to feel disconnected + restless. But we created a fun, impactful way for you to have community + help our fellow Americans during this time! Host an Essential Bodywear party we will donate 10 meals to families across the U.S. or shop online and we will donate a meal to Feeding America.

Our partnership with Feeding America is designed to bring awareness and meals to families in need. It also helps our Essential Bodywear Fit stylists to make an income for their families when you shop with them, along with helping our home office team members feed their families, by earning a paycheck. We have donated over 9,000 meals already! Keep helping us!
